No. 1885-R.S., dated the 4th August 1913.

RESOLUTION—By the Railway Board.

Charges for inspection and test by the Inspecting Staff under the Railway Board for (1) State-worked Railways and other Government Departments, and (2) Company-worked Railways and others ; and procedure for recovering such charges.

In Railway Board's Resolution No. 159-R.S., dated 15th January 1912, it was stated that the Superintendents of Local Manufactures under the Railway Board, at Calcutta and Bombay, were prepared to undertake the inspection and supervise the testing of important articles of iron and steel ; it was also stated what the charges should be, and how they were to be recovered.

2. In the meantime complete machinery for the physical testing of metals and of cement has been installed at the Alipore Laboratory, including a 100-ton horizontal, motor-driven, hydraulically-operated testing machine, a double-sided temper-test bending machine for bending strips $\frac{1}{8}$ " thick by 2 $\frac{3}{4}$ " wide, a cast-iron bar testing machine of 40 cwt. capacity with self-registering deflection scale, special test-piece preparing machines, complete equipment for cement-testing in accordance with the British Standard specifications, and various lesser appliances. For the chemical section of the same laboratory, apparatus for the chemical analysis of paints, boiler feed-water, etc., for calorimetry and for the testing of oils is being provided.

3. In addition to the laboratory at Alipore, the Railway Board have established at Sakchi, near Kalimati, under a highly qualified metallurgical expert and chemist, an organization mainly for the inspection and testing of rails and other products of the Tata Iron and Steel Works, that may be required for State-worked Railways. The services of this Metallurgical Inspector and of the two Superintendents of Local Manufactures are also available for other Government Departments, and (where it is possible without interference with private enterprise on the one hand, and Government work on the other) for other parties such as Company-worked Railways, Port Trusts, Municipalities and Private Firms. The Superintendents at Calcutta and Bombay will further undertake the inspection of work in progress by contractors at Calcutta, Bombay, or elsewhere on payment of certain charges.

4. Revised schedules, as noted below, are attached in which the charges for utilizing the services of the Superintendents of Local Manufactures and the Metallurgical Inspector at Sakchi are detailed :—

I.—Schedule of charges for testing and inspection of articles of Iron and Steel, Metals, and other materials, including cement, coal, etc., for State-worked Railways and other Government Departments by the Inspecting Staff under the Railway Board.

II.—Schedule of charges for the above work for outside parties including Company-worked Railways, Port Trusts, Municipalities and Private Firms.

5. For the accounting and recovery of charges detailed in the accompanying schedules, the same procedure will be adopted as was decided in paragraph 3 of Railway Board's Resolution of 15th January 1912. The procedure is that the Superintendents of Local Manufactures and the Metallurgical Inspector will send monthly statements for acceptance by the party concerned, showing the value of the materials inspected and the charges for the tests made on behalf of that party, and the accepted statements will be sent by the Superintendent of Local Manufactures, Calcutta, and the Metallurgical Inspector, Sakchi, to the Examiner of Accounts, Eastern Bengal Railway, and by the Superintendent of Local Manufactures, Bombay, to the Government Examiner of Accounts, Great Indian Peninsula Railway. From these statements the respective Examiners of Accounts will prepare bills and adjust the recoveries by credit to the head "41—Miscellaneous Railway Expenditure" in reduction of the charges debitable to that head on account of the establishment and other charges of the Inspecting Staff. In the case of charges in Schedule II, these should be recovered by the Examiners by money payment, except in those cases where book adjustment by transfer is authorised under existing rules.

An open Competitive Examination for admission to the Civil Service of India will be held in London, under the subjoined Regulations, commencing on the 1st August, 1914.

No person will be admitted to compete from whom the Secretary, Civil Service Commission, has not received on or before the 1st June, 1914, an application on the prescribed form, a copy of which is sent herewith. If this maximum is exceeded by a Candidate's selection he will be required to indicate one of his subjects, the marks for which should, in his case, be reduced so as to bring his maximum marks within the prescribed limit. The marks so reduced will be subject to a correspondingly reduced deduction.

Moreover, if a Candidate's handwriting is not easily legible a further deduction will on that account, be made from the total marks otherwise accruing to him.*

6. A list of the competitors shall be made out in order of their proficiency as disclosed by the aggregate marks finally awarded to each competitor, and in that order so many competitors, up to the determined number of appointments, as are found by the Civil Service Commissioners to be qualified by examination, shall be designated to be Selected Candidates for the Civil Service of India, provided that they appear to be duly qualified in other respects. Should any Selected Candidate become disqualified, the Secretary of State for India will determine whether the vacancy thus created shall be filled or not. In the former case the Candidate next in order of merit, and in other respects duly qualified, shall be deemed to be a Selected Candidate.

A Candidate assigned to Bengal or Assam, whose mother tongue is Bengali, must offer for examination Hindustani; a Candidate assigned to Bombay, whose mother tongue is Marathi, must offer for examination Hindustani; and a Candidate assigned to Madras, whose mother tongue is either of the languages shown against his Province, must offer the other for examination.

(b) Instructions, showing the extent of the examination, will be issued to Selected Candidates, as soon as possible after the result of the Open Competition is declared.

marks that can be obtained in respect of it. The examination will be conducted on paper and *vivá voce*, as may be deemed necessary.

If any Candidate is prevented by sickness or any other adequate cause from attending such examination, the Commissioners may, with the concurrence of the Secretary of State for India in Council, allow him to appear at the Final Examination to be held in the following year, or at a special examination.

10. The Selected Candidates will also be tested during their probation as to their proficiency in riding.

The examinations in riding will be held as follows :—

- (1) Shortly after the result of the Open Competitive Examination has been declared, or at such time or times as the Commissioners may appoint during the course of the probationary year.
- (2) Again, at the time of the Final Examination, Candidates who may then fully satisfy the Commissioners of their ability to ride well and to perform journeys on horseback will be awarded from 100 to 200 marks, according to the degree of proficiency displayed, to be added to their marks in the Final Examination. Candidates who fail to obtain 100 marks, but are reported by the Civil Service Commissioners to have reached a minimum standard of proficiency in riding, and are certified by the said Commissioners to be entitled to be appointed to the Civil Service of India, will, on their arrival in India, be subjected to such further tests in riding as may be prescribed by their Government, and shall receive no increase to their initial salary until they have passed such tests to the satisfaction of that Government.

11. The Selected Candidates who, on examination, shall be found to have a competent knowledge of the subjects specified in Regulation 7, and who shall have satisfied the Civil Service Commissioners of their eligibility in respect of nationality, age, health, character, conduct during the period of probation, and ability to ride, shall be certified by the said Commissioners to be entitled to be appointed to the Civil Service of India provided they shall comply with the regulations in force, at the time, for that Service.

12. Persons desirous to be admitted as Candidates must apply on Forms, which may be obtained from "The Secretary to the Civil Service Commissioners, London," at any time after the 1st December, in the year previous to that in which the Examination is to be held. No person will be admitted to the Examination from whom the Secretary to the Civil Service Commissioners has not received on or before the 1st June (or, if that date should fall on a Sunday or public holiday, then, on or before the first day thereafter on which their office is open), in the year in which the Examination is to be held, an application, in the handwriting of the Candidate, on the prescribed form.

The Civil Service Commissioners are authorized by the Secretary of State for India in Council to make the following announcements :—

(i) *Selected Candidates will be allotted to the various provinces upon a consideration of all the circumstances, including their own wishes ; but the requirements of the Public Service will rank before every other consideration.*

(ii) *An allowance amounting to £150 will be given to any Candidate who passes his probation at one of the Universities or Colleges which have been approved by the Secretary of State, viz., the Universities of Oxford, Cambridge, Dublin, Glasgow, Edinburgh, St. Andrews, Aberdeen and London (University College); Victoria University, Manchester.*

This allowance will be paid to the Selected Candidate in four instalments on the following dates respectively :—December 24th, after his selection, March 25th, June 24th, and the date of his signing his covenant on being finally appointed to the Service.

With the final instalment an allowance on account of passage to India will be paid to each newly appointed civilian to the amount of £37 10s. od., for passage to Calcutta, Madras or Bombay, and £43 for passage to Rangoon, the Officer then making his own arrangements for his passage.

The payment of each of the first three instalments will be conditional on the receipt, by the Secretary of State, through the Civil Service Commissioners, of a Certificate that the Candidate has fulfilled up to date the requirements of the Authorities, and shown satisfactory conduct at the Authorized University or College; the fourth and final instalment will be paid as soon as the Selected Candidate has signed his covenant, and for its payment no certificate from College Authorities will be required.

The whole probation must ordinarily be passed at the same Institution. Migration will not be permitted except for special reasons approved by the Secretary of State.

(iii) *Each Candidate will be required before receiving the first instalment of his allowance to execute an agreement binding himself and one surety, jointly and severally, to refund all monies he may have received from the Secretary of State for India in the event of—*

(1) his failure to pass the Final Examination within the time prescribed by the Regulations, and to satisfy the Civil Service Commissioners of his fitness for admission to the Civil Service of India, or

(2) his subsequent failure to execute the usual covenant, and to proceed to India, as and when he shall be directed by the Secretary of State for India.

(iv) *All Candidates obtaining Certificates will be also required to enter into covenants, by which, amongst other things, they will bind themselves to make such payments as under the rules and regulations for the time being in force, they may be required to make towards their own pensions or for the pensions of their families. The stamps payable on these covenants amount to £1.*

(v) *The seniority in the Civil Service of India of the Candidates obtaining Certificates will be determined according to the order in which they stand on the list resulting from the combined marks of the Open Competitive and Final Examinations.*

(vi) *Candidates obtaining Certificates will be required to report their arrival in India within such period after the grant of their Certificates of qualification as the Secretary of State may in each case direct.*

(vii) *Candidates who fail to satisfy the Civil Service Commissioners at the Final Examination held in any year will be definitely rejected, and will not be allowed to present themselves for re-examination, unless it shall appear to the Secretary of State in Council, after reference to the Civil Service Commissioners, that such failure is due to circumstances wholly exceptional and beyond the control of the Candidate.*

CIVIL SERVICE OF INDIA; &C., &C.

Syllabus of any Open Competitive Examination for the Civil Service of India, Clerkships (Class I) in the Home Civil Service, and Eastern Cadetships in the Colonial Service that may be held in the year 1914, and of any other competition that may be held in combination therewith.

In view of the importance of legible handwriting in the public service, Candidates are warned that the provision as to deductions for bad handwriting in these competitions will be strictly enforced.

Candidates are warned that full marks cannot be obtained on any paper unless the whole of it is answered, or, in cases where the number of questions to be answered is specified, unless the full number specified is answered.

English Composition.—An Essay to be written on one of several specified subjects.

Sanskrit Language and Literature.—Translation from Sanskrit; composition in Sanskrit; Sanskrit Literature, including the life, thought and antiquities of Ancient India, together with such knowledge of history as bears upon the subject; questions on the Sanskrit Language (including questions on Philology).

Composition will be required in Classical Sanskrit alone; elsewhere Vedic Sanskrit is also included.

Candidates are expected to make a special study of the Seventh Mandala of the Rig-veda, but other Vedic hymns may also be set in the examination.

Arabic Language and Literature.—Translation from Arabic; set composition and free composition in Arabic; Arabic Literature, including the life and thought of the Arabs as shown in the literature, together with such knowledge of history as bears upon the subject; questions on the Arabic language (including questions on Philology).

Greek Literature.—Questions on the Greek Language (including questions on Philology), Literature, and Antiquities.

Latin Literature.—Questions on the Latin Language (including questions on Philology) and on Roman Literature and Antiquities.

English Language and Literature.—The Examination will be in two parts. In the one Candidates will be expected to show a general acquaintance with the course of English Literature, as represented in the chief writers in verse and prose, between the reign of Edward III and the death of Queen Victoria.

A minute and detailed knowledge will not be looked for in this part of the Examination. But its aim will be to test how far the Candidates have studied at first hand the chief productions of the greatest English writers, and are acquainted with the leading characteristics of their thought and style, and with the place which each of them occupies in the history of English Literature.

The other part of the Examination will relate to one of the following periods, which will follow each other year by year in rotation.

Period I: 1360 to 1600, Chaucer to Spenser.

Period II: 1600 to 1660, The later Elizabethans.

Period III: 1660 to 1744, The age of Dryden and Pope.

Period IV: 1744 to 1800, From the death of Pope to Cowper.

Period V: 1800 to 1832, Nineteenth Century writers to the death of Scott.

Period VI: 1832 to 1892, from the death of Scott to the death of Tennyson.

The Examination in this part will require from the Candidates a more minute acquaintance with the history of the English Language and Literature, as illustrated in the chief works produced in each period, and will be based to a considerable extent, but by no means exclusively, on certain books specified each year by the Commissioners. The names and other indications placed beside the dates are intended to suggest the general character of the literary development of the period, and, consequently, the natural limits of the Examination. All the works of Shakespeare and Milton, for example, will be regarded as falling within the period 1600 to 1660; all the works of Wordsworth and Coleridge within the period 1800 to 1832; all the works of Carlyle, Landor and Macaulay within the period 1832 to 1892.

For the year 1914, Period III. (1660-1744) is prescribed, and the following are the specified books:—

Dryden.—Absalom and Achitophel, Part i.; Don Sebastian; Essay of Dramatic Poesie; Preface to the Fables.

Olway.—Venice Preserved.

Congreve.—The Way of the World.

Farquhar.—The Beaux' Stratagem.

Pope.—Essay on Criticism; The Rape of the Lock; Epistle to Dr. Arbuthnot; Epistle to Augustus.

Swift.—Tale of a Tub; Gulliver's Travels.

Addison.—Essays from the Spectator (Arnold's Edition).

Steele.—Essays (Golden Treasury Series).

Defoe.—Journal of the Plague.

Thomson.—Winter; Castle of Indolence.

Berkeley.—Three Dialogues between Hylas and Philonous.

Italian Translation, Composition and Conversation.—In the conversation test importance is attached to pronunciation. The study of phonetics is an important aid to correctness of pronunciation.
